The enthusiasm and emotions from the meeting of the First Cosmonaut of Belarus at the Minsk National Airport, as students of the Faculty of Economics and Management of the BSEU had another opportunity to meet with Maria Vasilevskaya and cosmonaut-dupley Anastasia Lenkova! This time it took place within the walls of the National Academy of Sciences of Belarus, which gathered under its vaults the youth of the capital. More than two hours of relaxed communication simply could not leave anyone indifferent – a variety of questions gathered and frank answers to them by the heroines of today's

meeting, autographs and photos for memory,

comments and assessment of the achievements of Belarus in terms of space exploration by Gagarina Natalia Borisovna – niece of the world cosmonaut Yu.A.Gagarin,

assessment of the prospects for the development of the aerospace industry of our country on behalf of the Chairman of the Presidium of the NAS Gusakov V.G.. This is not the whole list of the facets of such an unforgettable meeting, which was lucky enough to visit today the Femows and who, by the mouth

of one of the participants of the meeting, Taradeeva A.  
invited our cosmonauts to visit the students of BSUE!
